3.1 Saudi Arab Employees:

3.1.1. Employees who retire at normal retirement age will receive a supplemental monthly annuity, which when added to the primary Social Insurance old age annuity attributable to the Company’s service, will be equal to 2% of their final average monthly pay times total continuous Gregorian years of service. (Partial year of service is prorated.)

3.1.2. The final average monthly pay is determined by multiplying the average of the highest twenty-four months base salary during the last 120 months of continuous service by 1.16667 to include the monthly equivalent of the 13th month pay and Annual Ramadan Payment, and to add the applicable Incentive Compensation Payment (ICP) portion pertaining to the same period, if any.

3.1.4. Employees who have completed fifteen (15) years of continuous service and attained fifty years of age will qualify for early retirement benefits which are calculated in accordance with the provisions for normal retirement but adjusted by the appropriate early retirement discount factors.

3.1.4.1 If the employee has completed 25 years of service, retirement documents will be forwarded to GOSI for the processing of Early Retirement benefits and the Company’s pension will be offset by the GOSI annuity amount if the GOSI annuity is less than the Company pension. If the GOSI annuity is greater to or equal to the Saudi Aramco calculated pension, Saudi Aramco’s Company actual pension will be ZERO and the annuitant will receive his/her pension from GOSI only.

3.1.4.2 If the employee has not completed 25 years of services with Saudi Aramco, he/she will be paid a Company annuity if applicable as above until he/she completes 25 years with GOSI. The retiree will be required to update the GOSI documentation as part of the existing annual declaration process. The Company’s pension will be offset by the GOSI annuity amount if the GOSI annuity is less than the Company pension, and if the GOSI annuity is greater to or equal to the Saudi Aramco calculated pension, Saudi Aramco’s Company actual pension will be ZERO and the annuitant will receive his/her pension from GOSI only.
